Thank you for inviting us to quote for the refurbishment work on the floor area as detailed, we have pleasure in providing the following.

Qty	Description	Unit Price	Ext. Price
1	Beech Floor 2 strip by Junckers, Denmark	£1,904.00	£1,904.00

Will do some repairs two that were shown, if there are some more will will undertake this as well.

Because of the investment in machinery we offer a 95% dust free sanding system.

Our operatives will sand back to bare wood using a Hummel with the following abrasive grits; 40 grit, 60 grit, 80 grit, 100 grit & 120 grit abrasive.

An Edge Sander is used to do the circumference & a Fein Detail Sander for the corners of the room using 40 & 80 abrasive grits.

A Trio three disc sanding machine will be used as a final finish, this is used to close the grain to accept the prime, using the following abrasive grits; 80, 100 & 120.

Finally go round the perimeter with a Rotax to blend in any rotary marks using 150 grit

The floor is then thoroughly vacuumed.

The next stage is to apply one coat of Waterbourne Prelack as a prime. 1 COAT

Apply one coat of Silk Matt Waterbourne Heavy Duty Junckers HP COMMERCIAL with a two part component. 1 COAT

De-nib the floor as this will reduce any grain rising.

IMPORTANT INFORMATION

Refuse generated on site that is specific to this estimate, will be packaged in a suitable & professional manner, in order that the client may assume responsibility for the disposal thereof.

All areas should be CLEAR & READY for sanding the floor.

The equipment we use is 240v, please ensure that this is readily available.

Qty	Description	Unit Price	Ext. Price
	<p>Apply a further coat of Silk Matt Waterbourne Heavy Duty Junckers HP COMMERCIAL with a two part component. 2 COATS.</p> <p>4 coats of seal</p> <p>Junckers HP Commercial meets BS,CEN & DIN standard and is ideal for High Traffic Areas and this will be dry for use the next day.</p> <p>All protection is included in this price, dust sheets, hazard warning signs, ear defenders for client to use to assess the floor whilst works being undertaken.</p> <p>As a junckers approved contractor there will be a warranty on the floor for 1 year.</p> <p>We will inspect the floor after 24 months , as part of the warranty.</p> <p>A stamp will be put in the book to confirm visit & date etc.,</p>
