Note

These ideas are from the same company and researching other companies for similar products the products would be purchased from the same company.

Options of Stones

The idea of placing large boulders was researched but they ranged in size and prices.

These are known as Flat Top Boulders, price upon request

These are 1200 KG Boulders, price upon request

Note

If stones are the preferred option a recommendation would be to ask the local quarry as it could prove very expensive in haulage.
